CASTLENET TECHNOLOGY INC. AND SUBSIDIARIES
CONSOLIDATED FINANCIAL STATEMENTS AND INDEPENDENT AUDITORS' REVIEW REPORT MARCH 31, 2023 AND 2022

For the convenience of readers and for information purpose only, the auditors' report and the accompanying financial statements have been translated into English from the original Chinese version prepared and used in the Republic of China. In the event of any discrepancy between the English version and the original Chinese version or any differences in the interpretation of the two versions, the Chinese-language auditors' report and financial statements shall prevail.

INDEPENDENT AUDITORS' REVIEW REPORT TRANSLATED FROM CHINESE

To the Board of Directors and Shareholders of CastleNet Technology Inc.

Introduction

We have reviewed the accompanying consolidated balance sheets of CastleNet Technology Inc. and subsidiaries (the "Group") as at March 31, 2023 and 2022, and the related consolidated statements of comprehensive income, of changes in equity and of cash flows for the three-month periods then ended, and notes to the consolidated financial statements, including a summary of significant accounting policies. Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with the Regulations Governing the Preparation of Financial Reports by Securities Issuers and International Accounting Standard 34, "Interim Financial Reporting" that came into effect as endorsed by the Financial Supervisory Commission. Our responsibility is to express a conclusion on these consolidated financial statements based on our reviews

Scope of Review

We conducted our reviews in accordance with the Standard on Review Engagements 2410 "Review of Financial Information Performed by the Independent Auditor of the Entity" of the Republic of China. A review of consolidated financial statements consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Conclusion

Based on our reviews, nothing has come to our attention that causes us to believe that the accompanying consolidated financial statements do not present fairly, in all material respects, the consolidated financial position of the Group as at March 31, 2023 and 2022, and of its consolidated financial performance and its consolidated cash flows for the three-month periods then ended in accordance with the Regulations Governing the Preparation of Financial Reports by Securities Issuers and International Accounting Standard 34, "Interim Financial Reporting" that came into effect as endorsed by the Financial Supervisory Commission.

| Amendments to IAS 1, 'Non-current liabilities with covenants' | January 1, 2024 |

The above standards and interpretations have no significant impact to the Group's financial condition and financial performance based on the Group's assessment.

4. Summary of Significant Accounting Policies

The principal accounting policies adopted are consistent with Note 4 in the consolidated financial statements for the year ended December 31, 2022, except for the compliance statement, basis of preparation, basis of consolidation and additional policies as set out below. These policies have been consistently applied to all the periods presented, unless otherwise stated.

(1) Compliance statement

- A. The consolidated financial statements of the Group have been prepared in accordance with the "Regulations Governing the Preparation of Financial Reports by Securities Issuers" and the International Accounting Standard 34, 'Interim financial reporting' that came into effect as endorsed by the FSC.
- B. These consolidated financial statements are to be read in conjunction with the consolidated financial statements for the year ended December 31, 2022.

(2) Basis of preparation

- A. Except for the following items, the consolidated financial statements have been prepared under the historical cost convention:
 - (a) Financial assets (including derivative instruments) at fair value through profit or loss.
 - (b) Defined benefit liabilities recognised based on the net amount of pension fund assets less present value of defined benefit obligation.

B. The preparation of financial statements in conformity with International Financial Reporting Standards, International Accounting Standards, IFRIC Interpretations, and SIC Interpretations that came into effect as endorsed by the FSC (collectively referred herein as the "IFRSs") requires the use of certain critical accounting estimates. It also requires management to exercise its judgement in the process of applying the Group's accounting policies. The areas involving a higher degree of judgement or complexity, or areas where assumptions and estimates are significant to the consolidated financial statements are disclosed in Note 5.

(3) Basis of consolidation

A. Basis for preparation of consolidated financial statements:

The basis for preparation of consolidated financial statements is consistent with the basis as of and for the year ended December 31, 2022.

B. Subsidiaries included in the consolidated financial statements:

(4) Employee benefits

Pension cost for the interim period is calculated on a year-to-date basis by using the pension cost rate derived from the actuarial valuation at the end of the prior financial year, adjusted for significant market fluctuations since that time and for significant curtailments, settlements, or other significant one-off events. And, the related information is disclosed accordingly.

(5) Income tax

A. The interim period income tax expense is recognised based on the estimated average annual effective income tax rate expected for the full financial year applied to the pretax income of the interim period, and the related information is disclosed accordingly.

B. If a change in tax rate is enacted or substantively enacted in an interim period, the Group recognises the effect of the change immediately in the interim period in which the change occurs. The effect of the change on items recognised outside profit or loss is recognised in other comprehensive income or equity while the effect of the change on items recognised in profit or loss is recognised in profit or loss.

5. Critical Accounting Judgements, Estimates and Key Sources of Assumption Uncertainty

There was no significant change in the reporting period. Refer to Note 5 in the consolidated financial statements for the year ended December 31, 2022.

6. Details of Significant Accounts

(6) Leasing arrangements—lessee

- A. The Group leases various assets including land, buildings, office and warehouse. Rental contracts are typically made for periods of 2-5 years. Lease terms are negotiated on an individual basis and contain a wide range of different terms and conditions. The lease agreements do not impose covenants, but leased assets may not be used as security for borrowing purposes.
- B. Short-term leases with a lease term of 12 months or less comprise part of office. Low-value assets comprise parking space and other office equipment.
- C. The carrying amount of right-of-use assets and the depreciation charge are as follows:

| | March 31, 2023 | December 31, 2022 | March 31, 2022 | | |

(9) Pensions

A. Defined benefit plans

(a) The Company has a defined benefit pension plan in accordance with the Labor Standards Act, covering all regular employees' service years prior to the enforcement of the Labor Pension Act on July 1, 2005 and service years thereafter of employees who chose to continue to be subject to the pension mechanism under the Law. Under the defined benefit pension plan, two units are accrued for each year of service for the first 15 years and one unit for each additional year thereafter, subject to a maximum of 45 units. Pension benefits are based on the number of units accrued and the average monthly salaries and wages of the last 6 months prior to retirement. The Company contributes monthly an amount equal to 2% of the employees' monthly salaries and wages to the retirement fund deposited with Bank of Taiwan, the trustee, under the name of the independent retirement fund committee. Also, the Company would assess the balance in the aforementioned labor pension reserve account by the end of December 31, every year. If the account balance is insufficient to pay the pension calculated by the aforementioned method to the employees expected to qualify for retirement in the following year, the Company will make contributions for the deficit by next March.

- (b) For the aforementioned pension plan, no pension cost was recognised by the Group for the three-month periods ended March 31, 2023 and 2022.
- (c) The Group has no expected contributions to the defined benefit pension plan for the year ending December 31, 2023.

B. Defined contribution plans

- (a) Effective July 1, 2005, the Company and its domestic subsidiaries have established a defined contribution pension plan (the "New Plan") under the Labor Pension Act (the "Act"), covering all regular employees with R.O.C. nationality. Under the New Plan, the Company and its domestic subsidiaries contribute monthly an amount based on 6% of the employees' monthly salaries and wages to the employees' individual pension accounts at the Bureau of Labor Insurance. The benefits accrued are paid monthly or in lump sum upon termination of employment.
- (b) For the aforementioned pension plan, the Group recognised pension costs of \$1,168 and \$1,004 for the three-month periods ended March 31, 2023 and 2022, respectively.

(10) Share-based payment

A. For the three-month periods ended March 31, 2023 and 2022, the Group's share-based payment arrangements were as follows:

E. For the three-month periods ended March 31, 2023 and 2022, the compensation cost arising from employee stock options amounted to \$1,052 and \$2,004, of which \$185 and \$439, respectively, pertain to share-based payments paid to the employees of the parent company; and \$867 and \$1,565, respectively, pertain to compensation costs paid to the employees of the Company.

(11) Share capital

- A. As of March 31, 2023, the Company's authorised capital was \$3,000,000, consisting of 300,000 thousand shares of ordinary stock, and the paid-in capital was \$1,886,180 with a par value of \$10 (in dollars) per share.
- B. To meet the Company's long-term business development needs, replenish working capital and invest in projects that are beneficial to the Company's business development, the stockholders at their stockholders' meeting on November 13, 2019 adopted a resolution to raise additional cash through private placement. On the same date, the Board of Directors resolved to set the effective date of private placement capital increase on November 27, 2019 at the subscription price of \$13.44 (in dollars) per share. The amount of capital raised through the private placement was \$1,377,600, which had been registered. The ordinary shares raised through the private placement

must follow the Securities and Exchange Act that they will be able to issue and offer publicly. Other than these restrictions, the rights and obligations of the ordinary shares raised through the private placement are the same as other issued ordinary shares.

(12) Capital surplus

- A. Pursuant to the R.O.C. Company Act, capital surplus arising from paid-in capital in excess of par value on issuance of common stocks and donations can be used to cover accumulated deficit or to issue new stocks or cash to shareholders in proportion to their share ownership, provided that the Company has no accumulated deficit. Further, the R.O.C. Securities and Exchange Act requires that the amount of capital surplus to be capitalised mentioned above should not exceed 10% of the paid-in capital each year. Capital surplus should not be used to cover accumulated deficit unless the legal reserve is insufficient.
- B. The overdue dividends unclaimed by shareholders shall be recognised as capital surplus in accordance with Order No. Jing-Shang-10602420200 issued in September 2017 by the Ministry of Economic Affairs, R.O.C.
- C. Movements in the capital surplus are as follows:

| | 2023 | | | | | |
|----------------------------------|------------|-----------|----------|------------|--|--|
| | Share | Employee | | | | |
| | premium | stock | Others | Total | | |

| At March 31 | \$ 102,613 | \$ 26,853 | \$ 2,795 | \$ 132,261 | | |

(13) Retained earnings (accumulated deficit)

A. The current year's earnings, if any, shall first be used to pay all taxes and offset prior years' operating losses and then 10% of the remaining amount shall be set aside as legal reserve. After that, special reserve shall be set aside or reversed in accordance with the related laws or the regulations made by the Competent Authority. The remainder, if any, along with the unappropriated earnings of prior years and current adjustments on unappropriated earnings shall be proposed by the Board of Directors based on actual needs. While, the appropriation of earnings shall be resolved by the shareholders if earnings are distributed by issuing new shares.

- B. If the Company distributed all or partial of appropriate dividend and bonus, capital surplus or the legal reserve in the form of cash, they should be resolved by a majority vote at a meeting of Board of Directors attended by two-third of the total number of the directors, and be reported to the shareholders. Abovementioned dividends distribution should consider factors of finance, business and operations to appropriate distributable earnings for the period. Cash dividends shall account for at least 10% of the total of cash and stock dividends distributed.
- C. Except for covering accumulated deficit or issuing new stocks or cash to shareholders in proportion to their share ownership, the legal reserve shall not be used for any other purpose. The use of legal reserve for the issuance of stocks or cash to shareholders in proportion to their share ownership is permitted, provided that the distribution of the reserve is limited to the portion in excess of 25% of the Company's paid-in capital.
- D. In accordance with the regulations, the Company shall set aside special reserve from the debit balance on other equity items at the balance sheet date before distributing earnings. When debit balance on other equity items is reversed subsequently, the reversed amount could be included in the distributable earnings.
- E. On June 27, 2022, the shareholders at their annual meeting approved the deficit compensation for 2021. Since the Company had an accumulated deficit, there was no distributable retained earnings. The aforementioned deficit compensation was the same with that proposed by the Board of Directors on March 9, 2022.
- F. On March 9, 2023, the Board of Directors resolved not to distribute earnings for the year of 2022, since the Company had an accumulated deficit.

Information on the Company's deficit compensation as resolved by the shareholders and the Board of Directors are posted in the 'Market Observation Post System' at the website of the Taiwan Stock Exchange.

iii. The total exchange gain arising from significant foreign exchange variation on the monetary items held by the Group for the three-month periods ended March 31, 2023 and 2022, amounted to \$1,739 and \$117, respectively.

(b) Price risk

The Group's investments in equity securities comprise hybrid instruments issued by the foreign enterprise. The prices of hybrid instruments would change due to the change of the future value of investee companies. If the prices of these hybrid instruments had increased/decreased by 1% with all other variables held constant, post-tax profit for the three-month periods ended March 31, 2023 and 2022 would have increased/decreased by \$15,049 and \$14,543, respectively, as a result of gains/losses on equity securities classified as at fair value through profit or loss.

(c) Cash flow and fair value interest rate risk The short-term loans for short-term capital revolving requirements are mostly at floating rates, however, the major risks can be offset by the cash position at floating rates.

(d) Credit risk

- i. Credit risk refers to the risk of financial loss to the Group arising from default by the clients or counterparties of financial instruments on the contract obligations. The main factor is that counterparties could not repay in full the accounts receivable based on the agreed terms.
- ii. The Group manages its credit risk taking into consideration the entire group's concern. For banks and financial institutions, only banks with good credit and financial institutions with sufficient investment grades or above are deemed acceptable for investing. According to the Group's credit policy, each local entity in the Group is responsible for managing and analysing the credit risk for each of their new clients before standard payment and delivery terms and conditions are offered. Internal risk control assesses the credit quality of the customers, taking into account their financial position, past experience and other factors. Individual risk limits are set based on internal or external ratings in accordance with limits set by the Board of Directors. The utilisation of credit limits is regularly monitored.
- iii. The Group assesses expected credit loss on individual significant defaulted accounts receivable, and classifies remaining customers' accounts receivable in accordance with characteristics of customer types. The Group applies different loss rate methodology or provision matrix as basis to estimate expected credit loss on different groups.
- iv. The Group used the forecastability to adjust historical and timely information to assess the default possibility of accounts receivable. According to abovementioned consideration and information, the Group does not expect any significant default possibility of accounts receivable.

v. The Group used the forecastability of Taiwan Institute of Economic Research boom observation report to adjust historical and timely information to assess the default possibility of accounts receivable. As of March 31, 2023, December 31, 2022 and March 31, 2022, the provision matrix and loss rate methodology is as follows:

| | N | Not past due | Up | to 90 days | | Total |
|----------------------|-----|--------------|-----|------------|-----|---------|
| At March 31, 2023 | | | | | | |
| Expected loss rate | | 0.10% | | 0.00% | | |

| Loss allowance | (\$ | 328) | (\$ | 29) | (\$ | 357) |

vi. Movements in relation to the Group applying the simplified approach to provide loss allowance for accounts receivable are as follows:

| | 2 | 023 | 2022 | | |
|--------------------------|----------|------------|---------|--------------|--|
| | Accounts | receivable | Account | s receivable | |

| Provision for impairment | | 121 | | 2 | |
| At March 31 | \$ | 391 | \$ | 357 | |

(e) Liquidity risk

- i. Cash flow forecasting is performed in the operating entities of the Group and aggregated by Group treasury. Group treasury monitors rolling forecasts of the Group's liquidity requirements to ensure it has sufficient cash to meet operational needs while maintaining sufficient headroom on its undrawn committed borrowing facilities at all times so that the Group does not breach borrowing limits or covenants on any of its borrowing facilities. Such forecasting takes into consideration the Group's debt financing plans, covenant compliance, compliance with internal balance sheet ratio targets and, if applicable external regulatory or legal requirements, for example, currency restrictions.
- ii. The table below analyses the Group's non-derivative financial liabilities and net-settled or gross-settled derivative financial liabilities into relevant maturity groupings based on the remaining period at the balance sheet date to the contractual maturity date for non-

derivative financial liabilities and to the expected maturity date for derivative financial liabilities.

As of March 31, 2023, December 31, 2022 and March 31, 2022, the Group's non-derivative financial liabilities (including short-term borrowings, accounts payable, accounts payable to related parties and other payables) will expire within 1 year.

(4) Fair value information

- A. The different levels that the inputs to valuation techniques are used to measure fair value of financial and non-financial instruments have been defined as follows:
 - Level 1: Quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date. A market is regarded as active where a market in which transactions for the asset or liability take place with sufficient frequency and volume to provide pricing information on an ongoing basis.
 - Level 2: Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly.
 - Level 3: Unobservable inputs for the asset or liability. The fair value of the Group's investment in financial assets at fair value through profit or loss is included in Level 3.
- B. The carrying amounts of the Group's financial instruments not measured at fair value, including cash and cash equivalents, notes receivable, accounts receivable (including related parties), other receivables (including related parties), guarantee deposits paid, short-term borrowings, accounts payable (including related parties) and other payables (including related parties), are approximate to their fair values.
- C. The related information on financial and non-financial instruments measured at fair value by level on the basis of the nature, characteristics and risks of the assets and liabilities at March 31, 2023, December 31, 2022 and March 31, 2022, is as follows:

(a) The related information on the nature of the assets and liabilities is as follows: March 31, 2023 Level 1 Level 2 Level 3 Total Assets Recurring fair value measurements Financial assets at fair value through profit or loss \$ 1,504,852 Convertible bonds \$ 1,504,852 December 31, 2022 Level 3 Total Level 1 Level 2 Assets Recurring fair value measurements Financial assets at fair value through profit or loss 1,468,178 1,468,178 Convertible bonds March 31, 2022 Level 1 Level 2 Level 3 Total Assets Recurring fair value measurements Financial assets at fair value through profit or loss \$ \$ 1,454,287 \$ 1,454,287 Convertible bonds (b) The fair values of convertible bonds as of March 31, 2023, December 31, 2022 and March 31, 2022 were measured using the binomial model (one of the lattice models). The main assumptions used are as follows: Fair value at Expected Risk-free rate Expected March 31, 2023 duration of interest price volatility (%) Convertible bonds 1,504,852 1.74 years 4.19% 40.97% Fair value at Expected Risk-free rate Expected December 31, 2022 duration of interest price volatility (%) Convertible bonds 1,468,178 1.99 years 3.79% 43.26% Fair value at Expected Risk-free rate Expected

I. The Group has carefully assessed the valuation models and assumptions used by external valuer to measure fair value. However, use of different valuation models or assumptions may result in different measurement. The following is the effect on profit or loss or on other comprehensive income from financial assets and liabilities categorised within Level 3 if the inputs used to valuation models have changed:

(3) Information on investments in Mainland China

- A. Basic information: Refer to table 4.
- B. Significant transactions, either directly or indirectly through a third area, with investee companies in the Mainland Area: None.

(4) Major shareholders information

Major shareholders information: Refer to table 5.

14. Segment Information

(1) General information

The Group operates business only in a single industry. The chief operating decision-maker who allocates resources and assesses performance of the Group as a whole, has identified that the Group has only one reportable operating segment.

(2) Reconciliation for segment income (loss)

The revenue from external customers reported to the Chief Operating Decision-Maker is measured in a manner consistent with that in the statement of comprehensive income. No reconciliation is needed as the Group's reportable segments income (loss) is the income (loss) before tax.
